

Analyze Incidents & Flights

CS3200 Final Project

Narayan Sajeev

Summer 2 2025

Analysis by Month

Table 1: Incident Type and Frequency by Month

Month	IncidentName	Count
January	crew	116
January	faa	137
January	mechanical	124
January	medical	131
January	security	118
January	turbulence	102
January	weather	123
February	crew	202
February	faa	202
February	mechanical	249
February	medical	218
February	security	225
February	turbulence	248
February	weather	225
March	crew	210
March	faa	244
March	mechanical	223
March	medical	219
March	security	234
March	turbulence	221
March	weather	227
April	crew	221
April	faa	245
April	mechanical	221
April	medical	236
April	security	251
April	turbulence	221
April	weather	219
May	crew	239
May	faa	229
May	mechanical	218
May	medical	229
May	security	259

May	turbulence	244
May	weather	271
May	wildlife	1
June	crew	236
June	faa	232
June	mechanical	244
June	medical	224
June	security	248
June	turbulence	212
June	weather	206
July	crew	217
July	faa	253
July	mechanical	251
July	medical	251
July	security	232
July	turbulence	244
July	weather	243
August	crew	241
August	faa	242
August	mechanical	247
August	medical	214
August	security	255
August	turbulence	218
August	weather	242
September	crew	244
September	faa	215
September	mechanical	241
September	medical	249
September	security	235
September	turbulence	261
September	weather	226
October	crew	268
October	faa	233
October	mechanical	211
October	medical	216
October	security	231
October	turbulence	238
October	weather	232
November	crew	230
November	faa	242
November	mechanical	234
November	medical	252
November	security	245
November	TSA	1
November	turbulence	245
November	weather	221
December	crew	118
December	faa	120
December	mechanical	113
December	medical	103
December	security	122

December	turbulence	113
December	weather	129

Analysis by Airline

Table 2: Incident Count and Average Delay by Airline

Airline	IncidentCount	AverageDelay
AA	440	72.3773
AC	456	73.6974
AD	444	71.4054
AF	424	77.1392
AI	428	75.9836
